

VC8409

Degree Project Implementation

Course Aim This capstone course emphasises research in the field of visual design with a completion of a final year project presentation and exhibition that supports their research paper from VC8408.

Short Title Project Implementation

Faculty EDICT

Credits 30

Pre-requisites VC8408 or VIB7408

Co-requisites

Anti-requisites VIB7407

Version 1

Effective From Semester 1, 2016-17

Indicative NQF Level 8

Student Contact hrs 60

Self-directed hrs 210

Other directed hrs 30

Total learning hrs 300

Learning

Outcomes

On successful completion of this course, students will be able to:

- 1 Design and implement a project exhibition that demonstrates application of critical and integrated knowledge of typographic and semiotic theory of visual design
- 2 Produce a visual design project that demonstrates professional levels of insight, interpretation, originality and creativity, using critical understanding of visual design processes, materials and techniques .
- 3 Operate in variable contexts with accountability for determining and achieving personal and/or group outcomes within both a design project implementation and exhibition.
