## A TASTY DAY OUT

The British School of Bahrain (BSB) Year two students were treated to a taste of luxury during an exciting trip to the Kempinski Grand and Ixir Hotel. The students had the opportunity to see all the important behind-the-scenes jobs necessary for the smooth running of a top class hotel. They tried their hands at cookie baking in the kitchens, chilled in the walk-in freezer and saw how the hotel laundry worked.

TradeQuest team of St. Christopher's School

## Culture in the spotlight

Ahlia University student Eman Isa Al Yasi conducted a thorough research regarding internationalisation and multicultural diversities in a few local universities in Bahrain, including Bahrain Polytechnic. The study covers many aspects including cultures in different higher education institutions, challenges in higher education institutions and practical recommendations.

The proposal addresses and stresses the continuous need to monitor the diverse cultures within higher education institutions, in order to benefit the full potential of international teaching and learning experiences.

Ms Al Yasi presenting her report to Dr Al Aseeri

Bahrain Polytechnic Acting Chief Executive Officer Dr. Mohamed Al Aseeri appreciated Ms. Al Yasi's findings and recommendations to Bahrain Polytechnic.

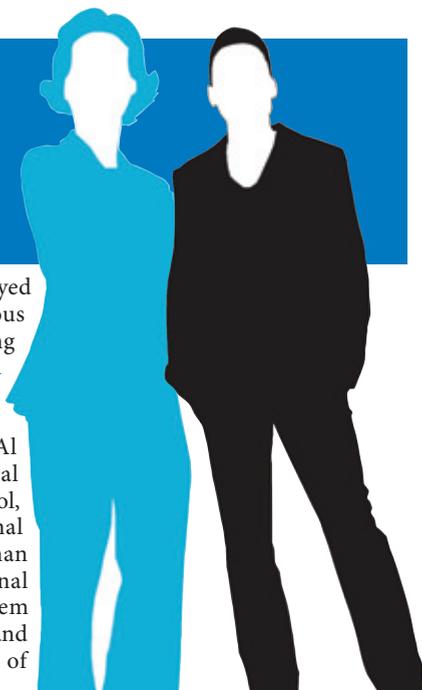

## The trading champions

Year 12 students of St. Christopher's School won awards for 'The Best Financial Performance in Bahrain Bourse' and 'The Highest Return in Bahrain Bourse' in the TradeQuest Programme conducted for the year 2012-2013.

TradeQuest is a simulated business-education partnership programme that focuses on investment trading in world financial markets.

This year's programme took place over a period of 24 weeks

and the students enjoyed the support of various financial and banking institutions in Bahrain through lectures and workshops. The other participants were Al Noor International School, Bahrain School, Ibn Khuldoon National School, Abdul Rahman Kanoo International School, Naseem International School and the British School of Bahrain.

Children at the Brain and Memory exhibit at Bahrain Science Centre

## Brain and Memory

Bahrain Science Centre, a division of the Ministry of Social Development hosted various activities under the theme 'Brain and Memory'. A series of displays, talks and competitions were held to celebrate this theme with highlights including 'Brain Gym' and 'Brain Olympics'.
