

WM8001

Audio and Video 2

Course Aim To develop advanced audio and video production and post production skills

Short Title

Version 2

Faculty EDICT

Effective From February 1, 2016

Polytechnic Level

Indicative NQF Level 8

Credits 15

Student Contact hrs 60

Pre-requisites WM6006 (WMB5006)

Self-directed hrs 90

Co-requisites

Other directed hrs

Anti-requisites

Total learning hrs 150

Learning

On successful completion of this course, students will be able to:

NQF Sub-strand

Outcomes

- 1 Demonstrate specialised techniques of pre-production planning for time-based media projects in pre-empting a range of potential outcomes resulting from 'live-shoot' situations
- 2 Apply advanced video production techniques based on specialised theoretical knowledge using professional equipment and software
- 3 Apply critical understanding of specialised audio theory through the production of advanced audio compositions using live recording techniques, MIDI instruments and professional software
- 4 Critically assess own performance in taking responsibility for one's own role and the work of others in a team environment working towards a collective goal
