## The Indian School bags

Manama

The Indian School Bahrain (ISB) received the UNESCO Award 2017 for the 'Best Academic Section implementing Education for Climate change and sustainable development' by the Bahrain National Commission for UNESCO.

The school was awarded the first prize among the private schools category in Bahrain.

Vikram Rathod, a student of ISB, received the award for the best project for his project on 'Climate change and sustainable development'.

The award was presented in a function attended by Education Minister Dr Majid Al Nuaimi and UNESCO Director General Irina Bokova.

Under Secretary for Educational Affairs and Curricula Dr Fawzi AbdulRahman Al Jowdhar, Secretary General of National

Commission for UNESCO Bahrain Dr Lubna and officials from the Ministry of Education also attended the function.

## Bahrain Polytechnic and Silah Gulf partner up for Bahrain Economic Vision 2030

Representatives from Bahrain Polytechnic and Silah Gulf during the signing

Manama

Bahrain Polytechnic signed a memorandum of understanding with Silah Gulf at the Polytechnic campus on 20th April 2017, where Polytechnic students will have the opportunity to enhance their practical skills in a real business environment.

Students will be offered internships, work placements, cooperative projects, on the job training, part time or summer jobs by Silah Gulf. Additionally, Silah Gulf will facilitate industrial visits, as well as provide the Polytechnic with guest speakers to share their knowledge and expertise with the students.

Dr Jeff Zabudsky, CEO of Bahrain Polytechnic, stated, "We want our students to gain experience in a real company during their studies, ensuring that they are work-ready upon graduation."

"I'd like to thank the management of Silah Gulf for the partnership, especially as it will meet Bahrain's 2030 Vision and the government action plan 2015-2018," added Dr Zabudsky.

Ricardo Langwieder-Görner, CEO of Silah Gulf, said, "Silah Gulf is a brainchild and best practice of the Bahrain Economic Vision 2030. We are excited to partner with Polytechnic to further

grow the services industry in Bahrain"

MoU was signed by Dr Jeff Zabudsky, CEO of Bahrain Polytechnic and Ricardo Langwieder-Görner, CEO of Silah Gulf.

Representatives from both parties including Shaikh Ali bin Abdulrahman Al Khalifa, Deputy CEO of Resources & Information Affairs at Bahrain Polytechnic, Sameera Alatawi, Director of ICT, Talat Abdulla, Acting Manager of Industry & Liaison, Suad Al Kabie, Chief of Talent at Silah, Abdulrazzaq Al-Matri, HR Manager and Humood Jassim Abdulla, IT Manager were present during the signing.

British School of Bahrain's year 2 students visited the Riffa Fire Station to learn about fire safety. The visit was part of an enrichment of their academic topic on 'The Great Fire of London'. The students made use of the opportunity to explore the station, use the hose, sit inside the fire engine and raise their doubts to the fire fighters.
