

WM8008

Cooperative Learning Project

Course Aim The course enables the student to apply the knowledge acquired so far from the degree programme. It allows the student to gain experience of work practices and discipline and also provides the opportunity for the student to extend their learning beyond the confines of an educational environment. The industry experience provides an enhanced understanding and skills base and improved career prospects. Most importantly, it provides students with a clear understanding of the jobs that are available in this industry.
